OUR PARTNERS

Multi-channel communication

Print magazine, digital magazine, website, Apple and Google mobile applications, newsletters.... **Production maintenance** is present on all media with professionals from the sector in order to provide you with true multi-channel communication with players in the sector.

Events

As a partner of nearly 20 trade shows each year, **Production maintenance** helps you strengthen your attendance at the sector's events, or even replace it by being present in the issues distributed physically and free of charge to visitors and exhibitors.

Cobranding

Highlight your expertise by associating your brand with that of a publication recognised in your market: in addition to the news, practical solutions and expert opinions in each issue, the in-depth reports on current market trends help make **Production maintenance** a genuine business partner for its readers. The articles published on the magazine's website and on social media also ensure permanent contact with readers.

MAINTENANCE EN PRODUCTION

PAROLE D'EXPERT

Le M.E.S. comme soutien devenu incontournable dans l'agroalimentaire

Dans cet interview, Sébastien Delisle, expert MES chez intégrateur de solutions industrielles OET, explique comment le Manufacturing Execution System (MES) s'est imposé dans le secteur de l'agroalimentaire, répondant à aux besoins absolus de traçabilité du secteur.
